## Mjengo Limited

### Quality and Food Safety Policy

**Mjengo Limited** is committed to the Manufacture and Distribution of High-Quality Products in Packages that meet and exceed customer and consumer expectations. Fundamentally we ensure the **Quality and Food Safety** of all the brands we manufacture and distribute across our markets.

We are committed to continually enhancing the reputation of the brands we produce and distribute, maintaining consumer confidence in our portfolio through the development and implementation of quality and food safety systems, standards and practices.

We believe that the responsibility for achieving Quality and Food Safety is the responsibility of every employee that has a direct influence on ingredients, manufacturing, packaging, storage and the distribution of products.

To achieve this, the foundation of our commitment to quality and food safety are anchored on;

- ☛ Meet all statutory and regulatory requirements for quality and food safety, including mutually agreed customer requirements related to quality and food safety.
- ☛ Ensure a sustainable quality and food safety culture through the implementation, certification and continuous improvement of effective quality and food safety management systems compliant with **FSSC 22000** in all operations and where applicable.
- ☛ Build a quality and food safety capability, mindset and culture through structured programmes that develop employees' **competencies and technical skills, increase awareness**, manage risk and drive increasing levels of excellence across the organization.
- ☛ Include quality and food safety strategies in the annual business planning process to ensure that food safety and quality remains an integral part of operations.
- ☛ Set annual measurable quality and food safety objectives for all operations to ensure continuous improvement and compliance with all standards.
- ☛ Communicate quality and food safety aspects, strategies and performance to employees, customers, principal stakeholders, consumers, and other relevant interested parties that have an impact on or are affected by our food safety and quality management systems.
- ☛ Validate the effectiveness of the Quality and Food Safety management systems through internal and external audit processes recognized by the Global Food Safety Initiative (**GFSI**).

As Managing Director, I'm committed to our Quality and Food Safety Policy that said, every employee at every level and in every function in the organization is responsible for the successful implementation of this policy and the related programmes.

  
Mr. Raj Malde
